Continuing Professional Development is now a vital part of every teacher/coaches working life. Here at Dance In Education Services, we offer a variety of dynamic and targeted training programmes/consultancies for both specialist and non-specialist teachers and coaches.

Our training programmes are delivered by nationally respected tutors and are of a consistently high standard which is reflected in the kite mark that we have been awarded for our CPD programmes. You can choose from one of our standard Dance In Education Services programmes, or you can have a CPD programme tailor made for your establishment/staff.
We roll out CPD training sessions in a number of different ways.
National Training Courses

You can attend one of our national training courses, which take place every term in different parts of the country.

LEA Wide Training
We will visit and conduct training on behalf of local education authorities (for all schools within that authority)

PE Adviser/PDM
We will visit you and deliver training to whole school partnerships.

Individual Schools
We can visit individual schools, so that the training can be delivered to your staff on school premises.

We are flexible and all of our programmes can be delivered a whole day, half day, or twilight sessions.

High quality support resources support all courses and all delegates will receive a certificate of attendance, which can be used as evidence in CPD portfolios.
